

A flowchart is a tool to organize facts and shows where the facts lead to a conclusion.

(ex)

Facts:

$\angle A = \angle D$

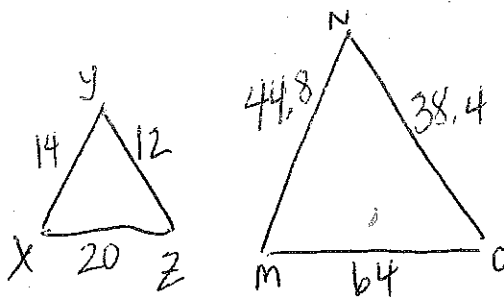

$\angle B = \angle E$

Conclusion:

$\triangle ABC \sim \triangle DEF$

by AA~

(ex2)

Facts:

$\frac{12}{38.4} = .3$

$\frac{14}{44.8} = .3$

$\frac{20}{64} = .3$

$\triangle XYZ \sim \triangle MNO$

by SSS~
